## DETAILED OFFICE ACTION

### Election/Restrictions

Claims 1- 19 are pending in this application.

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

**Group I. Claims 1-10 drawn to a semiconductor device, classified in class 257, subclass 298.**

**Group II. Claims 11-19 drawn to process of making a semiconductor device, classified in class 438, and subclass 250.**

2. The inventions are distinct, each from the other because of the following reasons:

Inventions II and I are related as process of making and product made. The inventions are distinct if either or both of following can be shown: (1) that the process as claimed can be use to make other and materially different product or by hand, or (2) that process as claimed can be made by another and materially different process. (MPEP § 806.05(f)). In the instance case unpatentabilities of the group I invention would not necessarily imply unpatentability of the group II invention, since the device of the group I invention could be made by the processes materially different from those of the group II invention, for example, in the claim 11 a method for making the memory device of claim 1 , wherein this method can be used to make a hybrid volatile and read-only memory which is a materially different from claim 1 a non-volatile memory device.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, the fields of search are not co-extensive. Therefore, separate examination would be required and restriction for examination purposes as indicated is proper.

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).
